Terms and Conditions

Stop Charge:
If scheduling has been set and notice has been sent, and upon arrival the crew is turned away for any reason, client will be subject to a 25% stop charge at Quality YHM discretion.

Unforeseen Obstacles:
If crews encounter unknown or unforeseen conditions such as, but not limited to: unexpected rock/boulder obstacles, unexpected measures that need to be taken due to utilities, poor digging conditions, excessive rock/gravel encountered via hand digging, back hoe, or auguring, customer will be notified of the situation immediately. Before work can continue, and agreement will be made between
customer and Quality YHM regarding customer incurring additional costs for labor and removal of additional debris.

Cancellation/Restocking Fee:
Non-Stock items are subject to a 25% restocking fee if materials have already been ordered at time of cancellation, at Quality YHM discretion.
Payment Terms:
1. EZ Pay is required to start services for Mow & Trim, Lawn Care Fertilizer, Pest and PHC (Plant Health Care) Programs.
2. By accepting the proposal and allowing work to be completed, customer is agreeing to pay in full, including tax, the invoiced amount.
3. Any accepted proposals requiring non stocked materials are subject to a 50% deposit before the work is scheduled.
4. Payment is due to Quality YHM upon receipt of invoice, which will be emailed the next business day following service. After 30 days, if payment is not received, account may be placed on hold and no further services will be rendered until payment is received. Payments not received within 30 days of invoice date shall bear interest at rate of 2% per month ($5 minimum). After 60 days, if no payment has been received, customer will be sent to collections at Quality YHM discretion.
5. There will be a service fee on all returned checks.
6. Quality YHM will invoice based on when each service is completed, therefore you may receive multiple invoices if your project takes more than 1 day to complete.

Lawn Care Terms of Service:
1. EZ Pay is required to start services for Lawn Care (Fertilizer), Pest and PHC (Plant Health Care) Programs. Your card will be charged each time we service the property.
2. Lawn care services are only guaranteed with purchase of the full 6 application package, and Grub/surface feeding insect damage is only guaranteed if grub application is purchased.
3. Schedules are set to maximize efficiency, due to the uncontrollable conditions of weather, traffic, and additional jobs, we cannot specify an exact time of service, and reserve the right to change the schedule date.
4. Each application in our 6 round program is designed to be applied at specific times of the year. We take great care in timing the applications correctly to maximize the benefit of the products to your lawn. We work hard to be as efficient as possible to keep costs to customers down, so if we are turned away from performing any of these services for any reason, you will be moved to
the end of the route when we are back in your area, and the guarantee will be voided.
5. Aerations – if you have an irrigation system or invisible dog fence, you will be called the week before your service is to be completed to mark the lines. If we show up and lines are not marked, you will be skipped that day and we will return the next time we are in the area. If lines are improperly marked and damaged, QYHM is not held liable and not required to fix. Cable lines are supposed to be buried a minimum of 4 inches deep by the cable company during installation. If we cut a cable, it is up to the customer to contact the cable company to have the line fixed and correctly buried.
6. All services are performed by qualified, experienced, and trained personnel using practices and methods recognized as accepted standards in the lawn care industry.

Mowing Terms of Service:
1. EZ Pay is required to start services. Your card will be charged on the first day of the month for the previous months mowing services.
2. Mowing takes place weekly; we mow to a height of 3.5”, the healthiest height for the lawn. If the lawn is above 4” in height, we will mow the lawn, if not, we will skip.
3. If crew is asked to skip by customer when they arrive on site, a $25 stop charge will be applied to the account. The crew will not be able to return until the following week, and if lawn requires a double cut due to excessive height, that mowing will be at double the normal price.
4. We will mow in the rain, at our reasonable discretion, but if any damage occurs, we will fix any damage we cause within a reasonable time frame. If we are rained out for a day, we will service your property the next available day. We are unable to guarantee set days of the week.
5. Once the season begins, and routes stabilize, the day we service your lawn will be more consistent. Gates need to remain unlocked, and all debris (garden hoses, toys, furniture, trash, and animal waste) needs to be picked up before we arrive. If we need to pick up obstacles, you will be charged a pick-up fee at our discretion. If a gate remains locked and we cannot service a part of the lawn, you will still be charged for the full service.

Changes, Concerns, and Communications:
Please make all communications, changes to service, or complaints to the office at 614-559-0078 or office@qualityyhm.com, and not the crew. There is a possibility that your crew may forget, be off the next day, or misunderstand the information. Contacting the office directly allows us to be certain that your changes or needs are noted correctly in your customer file and are placed on work orders, and it is the only approved way to request a change to service or additional services.

Please note: The crew is authorized to perform ONLY the work listed on their work order for the day. We schedule all seasonal yard tasks according to proven best practices and timelines – we are all well trained and professional in this matter. You accept our services with these terms.
